Nguyễn Hồng Phát

Full Stack Developer

✉ nguyenhongphat28121998@gmail.com   📞 0589424815   📍 Tp.HCM, Vietnam

OBJECTIVE

I'm looking for a full time job as a full stack or a front-end developer. I wish that I could work for a company that paid me well because I have to pay for many things and I'm willing to do anything to get my job done.

I am very confident on my coding skill, especially in JavaScript. I love writing neat and clean code, I love finding the easiest but most effective way to solve the problem.
